# *To The Trade:*

We take great pleasure in presenting to you our Wholesale Price List, and we ask your careful consideration of same. Our Seeds are Northern-grown and are the purest and best to be found. All our seeds are tested for vitality before they go out of our house, so you may rest assured that in buying of us, you will get new and fresh seeds. It is our constant aim to improve each variety of seed and have them true to name, but there are so many contingencies constantly arising which the success of the crop depends, we wish to restate that while we exercise the greatest care to supply every article true to name and of the very best quality, we wish it understood that we do not warrant our seeds and that we are not in any way responsible for any loss or damage arising from any cause thereof. If the purchaser does not accept them on these terms they must be returned at once and the money paid for same will be refunded.

## **Terms of Sale:**

Net cash on June 1st, without regard to the day of purchase, or a discount of one per cent. per month will be allowed on all payments made before June 1st. Bags and boxes charged for at cost.

Should you want any seed not named in this Price List, write to us what you want and we will furnish it to you at the lowest price.

FOR DEALERS ONLY.

# A GOOD SHEPHERD

FIRST ORIGINATED.

LEVINGS'

## Improved Shepherd Radish

We have not been able to supply the demand for this radish.

More of this variety has been sold than any other on the market. Why? Because it gives universal satisfaction. It is the earliest now in use. Grows ready for market in 30 days, and remains sweet and tender. Does not get pithy like most varieties.
